HURON A NEIGHBORHOOD COMMUNITY MEETING RESCHEDULED FOR TUESDAY, MARCH I

Alewife Sewer Separation Project

Dear Resident,

As part of on-going efforts to improve the water quality in the Alewife Brook, the City of Cambridge will be reconstructing the utilities, streets and sidewalks in your neighborhood (Huron A Contract—see attached map). Construction is scheduled to begin next year and includes:

✓ Standish Street

√ Vassal Lane (Lakeview to Standish)

about your street.

- ✓ Malcolm Road
- ✓ Hawthorne Park

✓ Larch Road

✓ Grozier Road

- ✓ Lexington Avenue
- ✓ Lakeview Avenue

The community process for Huron Ave will be included in the Huron B Contract design process beginning next year.

Over the next year, city staff will host a series of meetings to work with you to develop designs for these streets. *It is critical that we hear from you* about what works in your neighborhood, what could be improved, and how you would like your streets to be reconstructed, as we have an opportunity to include:

- Curb Extensions
- Changes to On-street Parking
- Raised Crosswalks
- Additional Bike Facilities

- Rain Gardens
- Chicanes (alternating parking)
- Widened Sidewalks

We encourage you to attend the meeting on **March I** to learn more about the design options, review the results of the resident survey, share your thoughts about your street and <u>participate in the design process</u>.
